### Making the most of life on our "Island in the Hills"

Tierrasanta Village (TVSD) is an active, nonprofit organization for Tierrasanta residents aged 50+. TVSD promotes social connections, provides a Time Bank for exchange of services, and helps older members continue to thrive and remain independent. A core of very enthusiastic volunteers oversees the Time Bank, plans special events, produces this newsletter and creates activities for different passions and interests.

Come visit us at one of our monthly meetings.

### Remember!

"Oh, Susan, I am so glad you're here for support."

"Well, Cheryl, you've been here to support me with mom for several years now. I've forgotten how we met?"

"We met in the Village...I was on the Time Bank offering respite for other members. My gosh, that was five years ago!"

Do you remember how you met that very good friend who was just a "nodding" acquaintance until you both attended Village games night? And realize that one of the reasons you remain good friends is that you live in the same small community, and you met many times at Village events?

At what social or on what committee did you meet a neighbor you didn't know well but now depend upon? The Village opens doors to contacts, resources and referrals that make our life easier on our Island. The Village network finds and provides backup as we look for services we need that are hard to find alone.

Please ask yourself who in this community has as its "reason for being" the interests of the adult wanting to remain in their own home as long as possible? Who in this community brings information on health issues

relevant to aging, right to you? Who in this community will walk with you through your losses? Who in Tierrasanta encourages you to get to know your community, participate in its life and asks what you need but cannot find locally? Who brings you chicken soup when you're feeling miserable or are sick?

Life would be diminished without our Village. We now approach membership renewal time. Membership costs are modest. Even at times when our Village is not on the "front burner," we know it's there if we need a resource or some support. Friends move, children live elsewhere. Our Village is right here. But it survives only as we support it with our time and money. As you consider membership renewal, we ask you to remember the value of Tierrasanta's Village.

## From The Director

Crikey! We are back at it in July with lots more events and programs scheduled for you, the members. I first would like to thank all of you who took up the slack and volunteered to cover the front desk. Jane Quirin had to step aside for a few weeks. When Franny sent out the email for help, what an outstanding response she had.

Now, as you might already know we have adjusted our hours of operation to 8:30 am - 2:30 pm Monday through Friday. We are trying to tighten up our schedule and save about \$60 a week. This should allow us to have just two people each day covering the front desk for three hours each.

June was another really busy month — Crazy hats, the USS Iowa tour, The Cooley Museum and many speakers — coupled along with our on-going programs of billiards, yoga, walking, Mah Jongg, movies, balance class, grocery shopping, Tai Chi, SNAP, Time Bank and Book Club. And now we have the wildly successful BED program. I think I am going to go take a nap after this letter is done. Pretty darn busy if you ask me.

Even with all this activity, we had Kim Chartrand, RN come back to complete three more sessions, elaborating on her 90 page recipe book for the continuing Empowering Mind & Body Class. These last three sessions and booklet will complete our CEP Grant for this program.

Regular Bunko and Cards have been added and I hear a poker "thing" is going to happen shortly. Keep an eye out for that one! If you are not participating in any of these events, why not? The Village has a ton of different activities. Get involved!!

Our President, Linda Rees, is very lonely. She doesn't have a Vice President to pal around with. The Vice President position is still open. If you want to get really involved, volunteer to become our Vice President. Nominations are welcome and someone will get in contact with the nominee to discuss the position.

The Village doesn't need grumbling members who have nothing else to do but complain. If you did not have the Village, you would be sitting home watching the idiot box. Why not be a contributing member and come down to the Clubhouse and join us in an activity! If you have concerns about our Village, call me at 858.654.4065 and stop the sniping and complaining. We need positive not negative members.

## IT Core Team

### Dues Time Coming Up

Dues renewal time is not far off, and your IT Core Team is busy in preparation! The plan is to ensure all Villagers can process their annual membership with minimum complications....which of course in our little IT minds means doing it online! Renewing your membership through the Village website can save a lot of our volunteers a lot of time and effort, not to mention how much easier it would be for you.

Most folks with even modest computer skills can breeze through the renewal process. And just in case someone finds a difficulty here or there, Greg Zweibel will soon publish step-by-step procedures for completing the process.

Oh yes, and while you're in there spending money, we IT guys would be much obliged if you could fill in some of your missing personal data and interests. After all, we have this very cool data base, and not all that much in it. Don't worry, we take your personal information seriously, and it is never used outside the Village. But it could help someone connect you to others with-similar interests!

## Getting To Know You

Another Ohioan! I think this is the third or fourth in a row. This member is from Cleveland, the oldest of three children of a car salesman and a "stay-at-home" Mom. The children went to Catholic schools all the way through elementary and high school, and our member got her Bachelor of Nursing degree from St. John's College. In fact her 50 year reunion is this fall.

Upon graduation from nursing school she was recruited into the Navy and chose to come to San Diego. After Officers' Training School, in 1965, she was assigned as a charge nurse on the Cardiology ward at the Naval Hospital. Other assignments included the Intensive Care Unit and Obstetrics.

She left the Navy but had married a Navy man and they lived in Japan for two years. She worked in Obstetrics while there and also gave birth to her first son. After Japan they returned to San Diego where she had two more boys and stayed at home until the youngest was in school.

Our member then returned to nursing, getting a Master's degree at San Diego State. She specialized in Diabetic Education in the Scripps Health System, working 22 years in that system and for a private practice endocrinologist for 33 years. She presented a paper on gestational diabetes in Austria in 1992 and found the international audience gave her a broader perspective on her field of specialty.

Her three sons all live in San Diego. Two are Maritime Officers and the third is a landscape supervisor for the school district. Nine grandchildren—ages 3-18—keep her entertained with their ballgames and fun activities. The oldest is now in college.

Village activities have included bridge, the lecture series, our parties, and the program on culture and crafts. She also travelled with the group on a cruise to South America.

Is this enough information to help you know who this member is? If not, the answer is somewhere in The Vibes with a picture to help you identify her.

--Gail Schreiber

## 2015 TIERRASANTA RELAY FOR LIFE - A SUCCESS DESPITE GRAY SKIES

You know the saying "Neither rain, nor sleet, nor snow..." Well, we can adapt that to read "Neither gray skies, nor off and on rain, nor gusty winds....can keep the TVSD Relay Team down when it comes to supporting the annual Tierrasanta Relay for Life."

The morning of the Relay, Saturday, April 25, began with drizzle and heavy clouds, but Team TVSD co-chairs Fran Zweibel and Marilyn Bente were met at 6:30 am by volunteers to help set up our canopy tent and lay out all of the baked goods. And TVSD members kept coming out all day long, despite some heavy rains and gusty winds (strong enough to blow down the Starbucks tent!), to lend their support to this fundraising event sponsored by the American Cancer Society.

We were met with trays and baskets of baked goods for the sale, by walkers in windbreakers and with umbrellas, by Village friends who sat and visited and kept us company, AND by the generous members who opened their wallets and checkbooks to make donations. ALL of this support brought rays of sunshine to the efforts to carry on the Relay despite the ominous weather! And who could complain about the rain when we are facing such a drought? A little much-needed rain would not deter this event!

All in all, it was a successful event, not only for Team TVSD, but for the entire Relay itself. We had to postpone the luminaria walk because the bags would get too soggy and the wind would blow out the candles, but all participants agreed that it was a very worthwhile day because of the commitment to the mission to help people face the disease of cancer and to educate about cancer prevention and early detection.

Team TVSD raised \$2,460.50 in donations which includes approximately \$500 from our bake sale. It is due to the generosity of so many of our VILLAGE members and friends that we were so successful!

**Marilyn and Fran** want to thank each and every one of you who gave so generously of your TIME, TALENT, and HEART to this mission. We sincerely appreciate your efforts and commitment to help save lives from cancer, and you continue to do so year after year! We couldn't continue our mission to co-chair this event without YOU!

## Movies

The Village has a new movie "producer." Member Gloria Stevens has a personal collection of films, and she will share them on the first and third Friday of the month at the clubhouse.

The July 3rd movie, **Chocolat** is a comedy/drama starring Juliette Binoche, Judi Dench and Johnny Depp. When a striking young lady arrives in an old French town her magical chocolate confections inspire the straight-laced villagers to abandon themselves to temptation and happiness.

The July 17 film, **The Looking Glass War** is a spy thriller starring Anthony Hopkins, adapted from John Le Carre's novel. During the Cold War espionage was a ruthless game where the stakes were human lives.

## Village Classes

### Balance and

### Posture

Mondays at 9 am

### Chair Yoga for Seniors

Wednesday and Friday at 9 am

### AIS Tai Chi Class

Wednesday and Friday at 10 am

**Class is open to the community**

## Hikers, Please Note

One of the two "easiest of the easy" one hour/one mile day hikes will be on the calendar for the first month of every quarter. They are: East Shepherd Canyon to the community pond & back, or North Shepherd Canyon & back.)

They are both flat, with only a hill at the end of North Shepherd, which can be avoided by waiting at the foot of the hill

for the group to come back.

The only thing easier is being carried; and

we're not going to do that!

Get out and breath the fresh air, see what there is to see, and visit with your friends.
